SUGANYA M

Java Developer | Full Stack Developer – Fresher

suganya.m13102000@gmail.com | 8667220591 | linkedin.com/in/suganya-m-977471329 | github.com/suganyam-dev | Madurai, India

SUMMARY

Aspiring Full Stack Developer with knowledge of HTML, CSS, JavaScript, React.js, Java, C, and MySQL. Skilled in building responsive web applications with modern UI design and integrating REST APIs with CRUD operations. Possess a strong understanding of OOP concepts and database management. Familiar with SDLC, debugging, and manual testing concepts. Quick learner with strong problem-solving and analytical skills, eager to contribute to efficient and scalable application development.

TECHNICAL SKILLS

- **Frontend:** HTML5, CSS3, JavaScript (ES6), React.js, Responsive Web Design
- **Backend:** Java, C, JDBC, OOP (Encapsulation, Abstraction, Inheritance, Polymorphism), Spring Boot (basics)
- **Database:** MySQL – SQL Queries, Joins, Subqueries, CRUD Operations, Data Manipulation, Constraints
- **Testing:** Manual Testing, SDLC, STLC, Test Case Design, Functional Testing, Regression Testing
- **Tools:** VS Code, Eclipse, Spring Tool Suite, Git, GitHub, MS Excel
- **Soft Skills:** Communication, Teamwork, Problem Solving, Analytical Thinking, Time Management

PROJECTS

1) Weather Application | *React.js, JavaScript (ES6), HTML5, CSS3, OpenWeatherMap REST API*

Link: https://suganyam-dev.github.io/Portfolio/

- Developed a responsive Single-Page Application (SPA) fetching real-time weather data via RESTful API integration using Fetch API and Async/Await.
- Implemented React Hooks (useState, useEffect) for state management, dynamic UI updates, and conditional rendering, improving UI response.
- Ensured cross-browser compatibility and full mobile responsiveness using CSS Flexbox and media queries.

2) Student Management System | *Java, MySQL, JDBC, OOP*

- Designed and developed a full CRUD application managing 100+ student records with MySQL backend connectivity using JDBC.
- Applied OOP principles — Encapsulation, Abstraction, Inheritance, and Polymorphism — for modular, scalable, and maintainable code.
- Implemented robust data validation, exception handling, and error recovery to ensure reliable database operations

3) Mobile App Testing | *Manual Testing, SDLC, STLC*

- Performed end-to-end manual testing of a mobile application, creating and executing 20 + test scenarios for Login, Search, Cart, Orders modules.
- Conducted functional, regression, and usability testing, identified and documented bugs through defect tracing and test summary reports.
- Followed SDLC and STLC processes to ensure structured and quality-driven test execution.

EDUCATION

M.Sc. Mathematics – Thiagarajar College | 89% — 2021 – 2023

B.Sc. Mathematics – Thiagarajar College | 94% — 2018 – 2021

CERTIFICATIONS & TRAINING

- Full Stack Java Developer Certification (Ongoing) – Scopetech Software Solution (Java, Spring Boot, HTML5, CSS3, JavaScript, ReactJS, MySQL, JDBC, REST APIs).
- SQL Essentials: Beginner to Pro – Udemy (SQL Queries, Joins, Subqueries, Aggregate Functions, Data Manipulation)
- Software Testing Bootcamp 2025 – Udemy (SDLC, STLC, Test Case Design, Test Execution)
- Diploma in Mathematical Software & R Programming (Data Analysis, Statistical Computing)

ACHIEVEMENTS

- Gold Medal for Academic Excellence – B.Sc. Mathematics (2018–2021)
- Best Student Award – M.Sc. Mathematics (2021–2023)
